Gun Repair Factory SOLLENAU

50X1-HUM

1. Location:

On the site of the former gasoline works (BENZOLFABRIK) 37 BLUMAUER-STRASSE (see attached sketch).

2. Details:

The factory site is divided into two parts by a barbed wire fence. One part contains a foundry which was built by USIA and the other the gun repair factory for Soviet AA guns. Soldiers with black shoulder straps are employed in the factory. The laboratory has been unserviceable since the end of the war.

3. Key to Sketch:

1. Main building of the USIA foundry
2. Workshop
3. Workshop
4. Erecting shops
5. A large work-shop which is the main building of the gun repair factory. A branch line leads into this shop. In the open in front of this shop there are guns, of which some are new and others are rusty. In addition there are gun barrels of different calibres.
6. Storehouse built by the Soviets
